&  
Co-Build and Co-Share  
System**

**Multi-Industry  
Advantage Supply Chain  
&  
User Traffic**

# WebX System Logic Overview

## GMV Coin Reward Plan

**01** ▶ The daily release rate of GMV Energy Coins is benchmarked at 0.04%, subject to a floating adjustment of  $\pm 0.01\%$  based on the platform's monthly consumption-to-incentive ratio.

**02** ▶ Claim and stake to earn yields based on the real-time annualized rate.

**03** ▶ Minting Acceleration Mechanism

| Staked Value USDT | Acceleration Multiplier |
|-------------------|-------------------------|
| 0-1,000           | -                       |
| 1,000-4,999       | 1.3                     |
| 5,000-9,999       | 1.5                     |
| 10,000-49,999     | 1.7                     |
| 50,000以上          | 2                       |

**04** ▶ Community Dynamic Reward Mechanism

Formula: Direct referral ratio = Revenue Sharing Base

Indirect referral ratio = Revenue Sharing Base  $\times 50\%$

Community earnings cap: Cumulative community earnings  $\leq$  Personal current staked principal  $\times 5x$

### Community Revenue Sharing Source Table

| Item          | Description                                            | Revenue Sharing Base |
|---------------|--------------------------------------------------------|----------------------|
| Minting       | Minting revenue sharing from referred users            | 12%                  |
| Staking Yield | Staking revenue sharing from referred users            | 12%                  |
| Global Node   | Node coin purchase revenue sharing from referred users | 3%                   |

**05** ▶ Reward Redemption Acceleration Rules

Linear release based on increasing on-chain block height

| Linear Acceleration Period | Acceleration Rate<br>(equivalent to WebX Platform Coin at current value) |
|----------------------------|--------------------------------------------------------------------------|
| Approx. 180 Days           | 0%                                                                       |
| Approx. 90 Days            | 10%                                                                      |
| Approx. 30 Days            | 20%                                                                      |
| Approx. 10 Days            | 25%                                                                      |
